Moontec blockchain conference 2018

Mobile friendly page design and development.

NORDIC'S LARGEST BLOCKCHAIN SUMMIT IS COMING BACK TO ESTONIA IN:

THE MOMENTUM IS SHIFTING FROM A FOCUS ON LEARNING AND EXPLORING THE POTENTIAL OF THE TECHNOLOGY TO IDENTIFYING AND BUILDING PRACTICAL BUSINESS APPLICATIONS. MANY TECH COMPANIES STARTED INVESTING INTO BLOCKCHAIN R&D, YET THEY HAVE NO CLEAR GUIDELINES OF WHAT IS RIGHT AND WHAT IS WRONG.

CHECK OUT THE SPEAKERS FROM OUR PREVIOUS EVENT

 Lili Zhao NEO Blockchain	 Professor Jason Potts Blockchain Innovation Advisor QMUL University	 Justas Pikelis Blockchain	 Dimitrios Psarrakis European Parliament
 Louis De Bruin IBM	 Daniel Gasteiger Professor, Alcatel-Lucent Bell Labs Munich, Germany	 Dr. Guenther Dobrauz PwC Legal Switzerland	 Andrius Biceika RevoUnit
 Jovan Gavrilovic E.ON	 Vincent Doumeizel Lloyds Register	 Nicholas Merten Chainbase	 John Woods Consensys
 Nicolas Buhmann Maersk	 Asher Tan ConJax	 Taavi Rõivas Finance Committee of Estonia	 Marta Plekarska Hyperledger (Linux Foundation)

PAST ATTENDEES

WHY ATTEND?

CONTENT
EVERY CONFERENCE'S CONTENT REQUIRES THOROUGH SCREENING. WITH THE MAJORITY OF BLOCKCHAIN EVENTS BECOMING ICO PITCHING ARENAS, WE DECIDED TO PROHIBIT ICO PROMOTION ON OUR STAGES AND FOCUS ON THE TECHNOLOGICAL ASPECTS OF BLOCKCHAIN AND ITS USE CASES. IF YOU (PLAN TO) WORK WITH BLOCKCHAIN – MOONTEC IS DEFINITELY THE BEST PLACE TO EXPLORE NEW OPPORTUNITIES.

NETWORKING

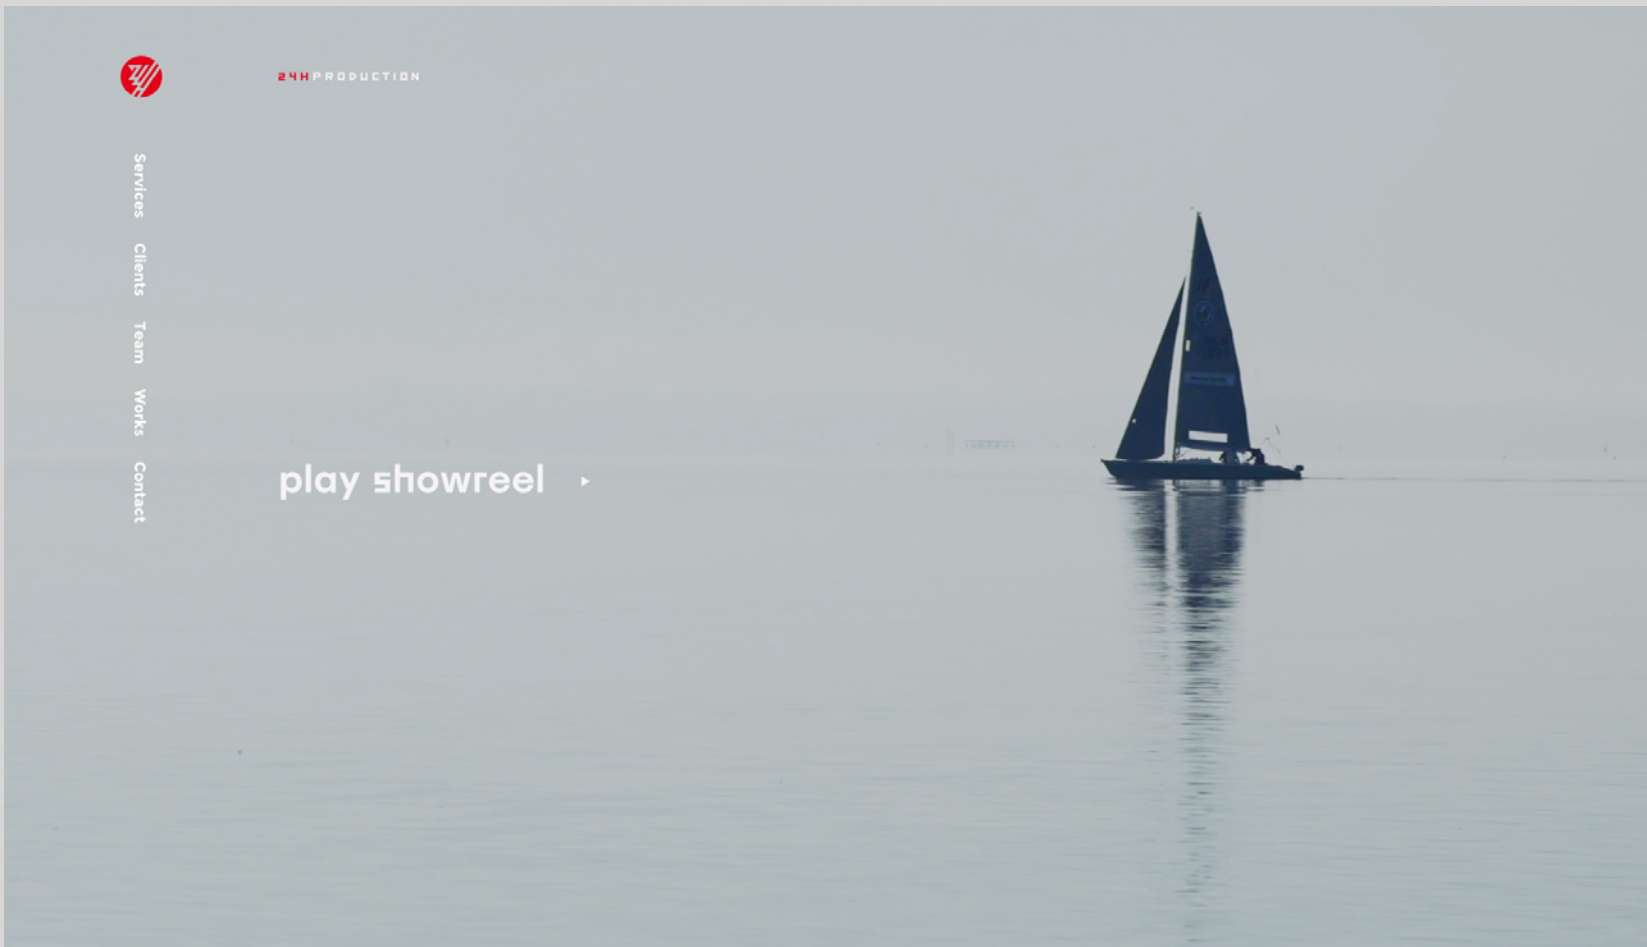

OUR NETWORKING LOUNGE APPROACH IS LOVED BY OUR ATTENDEES. ALLOCATED IN MULTIPLE AREAS AROUND THE VENUE, OUR LOUNGES PROVIDE THE MOST WORK-FRIENDLY CONFERENCE EXPERIENCE. ATTENDEES CAN MEET TO DISCUSS BUSINESS PROPOSALS, WHILE ENJOYING THE UNIQUE ENVIRONMENT OF THIS CYBERPUNK VENUE.

LOCATION
"CHOOSING TALLINN AS MOONTEC'S LOCATION WAS DEFINITELY A SMART CHOICE" – SAID OUR ATTENDEES FROM LAST YEAR. TALLINN IS INDEED THE CAPITAL OF WORLD'S FIRST DIGITAL NATION AND SHOWS A GREAT EXAMPLE OF HOW EARLY ADOPTION OF DIGITAL TRENDS CAN OUTPACE YOUR COMPETITORS AND CREATE NEW OPPORTUNITIES IN DEVELOPMENT.

We are an end-to-end video production company with a world-wide experience in various video-related projects.

What makes us special is the fact that we are doing full service from the very beginning to the end, prioritizing our clients' wishes at every stage of the production. While most companies are doing business, we like to think that we are making art as being creative and coming up with "outside the box" solutions is what we are really good at.

Our client base is very colourful as we are operating within different fields. Our team's strengths are being operative, creative and, most importantly, being enthusiastic about everything we do. To be able to squeeze out the juiciest content from the most boring projects is what we do the best.

Sama pintsakut on võimalik kanda mitut erinevat moodi. Viigipüksid, vest ja lips lisavad pidulikkust; õhuke kudum ning chinos sobivad vabamateks hetkedeks.
